James R. Bernard is going to visit Los Angeles this spring

James Richard Bernard, the genius of contemporary art, is visiting Los Angeles with his new exhibition at LA Art Center on March, 30. The exhibition is called "The Evolving World", and introduces an absolutely new vision of the modern world including various spheres of our life - social, political, economical, cultural etc. This event will also feature the showcase of artworks by Bernard's colleagues and apprentices who form The American School of Contemporary Art.
